

Bolton Health Hive

The story so far

- › Opened 24 April 2023
- › Official launch 5 September 2023
- › Providing much-needed additional space for practices
- › Helping Bolton people access primary care services and support – no appointment needed.
- › Directly recorded into patient records to contribute to practice targets

100% of patients report they were very satisfied with the service

Delivered so far...

- 382** Health checks (including LD) and blood tests
- 98** Lipid optimisation therapy injections (since July)
- 3,809** Covid spring boosters including in care homes
- 1,753** People sign-posted to other services and support including social prescribers

Coming soon...

- › Cervical Cytology
- › Mobile app and real-time performance portal
- › Track all contacts and patient satisfaction
